Profile

A Junior Web Developer excited to create and ready to join a team, keen on expanding my knowledge and skills, enthusiastically embracing new challenges every day in the pursuit of professional and personal growth. Have led several teams both academically in school, and professionally in the workplace, I enjoyed the challenge presented on each occasion.

Employment History

Starbucks Barista, Target, Orange City, FL

OCTOBER 2020 – PRESENT

- Temp Team Lead (During Renovations from May 2022 - September 2022)
 - Worked well independently and with a team to solve problems.
 - Organized and prioritized work to complete assignments in a timely, efficient manner.
 - Took ownership of My "Buisness" to drive up guest satisfaction and create a REMARKable experience for all.
- Maintained a friendly, hardworking, and punctual demeanor, consistently exceeding expectations.
- Possess a strong drive to continuously improve, maximize resources, and hustle every day to achieve optimal results.

Kitchen Coordinator, Chick-fil-a, Deland, FL

JANUARY 2017 – OCTOBER 2020

- Demonstrated ability to work both independently and collaboratively to troubleshoot and resolve complex issues.
- Highly skilled in organizing and prioritizing tasks to achieve efficient and timely completion of projects.
- Successfully owned and managed business operations, consistently delivering exceptional guest satisfaction and creating memorable experiences.
- Proficient in developing and implementing effective training strategies for new products and procedures, and experienced in conducting one-on-one coaching sessions as well as facilitating large-scale training events.

Education

Full-Stack Web Deveolper Certificate, University of Central Florida, Orlando, FL

OCTOBER 2022 – MAY 2023

Graduating with a Large Portfolio of projects developed using the MERN Stack or some variation like SERN. Skills I've acquired over the course include but are not limited too:

Practical

- Strong proficiency in team development and project management.
- Excellent project presentation skills.
- Consistently meeting project deadlines.
- Commitment to continuous learning and keeping up with new languages, modules, frameworks, etc.

Technical

- Ability to develop and deploy a full stack web application, with a proficiency in utilizing a diverse range of node packages and other technologies.
